NO. 36.

Voters Must Register in Clay City.

Under the new law, all voters in every town in the State must register before being entitled to a vote. The laws as amended are as follows:

A day for registration of voters of all classes of towns is fixed by law on the first Tuesday in October from the hours of 6 a. m. to 9 p. m.

The registration officers shall be the same officers as of the general election. Books of registration and blank certificates are to be provided for by the County Clerk. Additional registration days may be fixed by the city council at the town's expense, no day to be later than the third Tuesday in October.

Voters absent from the town, or too ill to attend may register with the County Clerk by filing affidavit of same on Monday, Tuesday or Wednesday before the election.

Certificates of registration are issued the voter and he is required to present same at time of voting. If lost or misplaced, by filing affidavit of same and payment of a fee of 50 cents, the clerk may issue a duplicate certificate on election day.

Challengers are permitted during registration day and upon application, a time may be set apart to purge the registration rolls of illegally registered voters.

The registration officers are to be paid the same fees as election officers and have the same powers to preserve order about the polls.

Labor Day at Natural Bridge.

Labor Day was not generally observed here Monday. The Clay City Graded School ran an excursion to Natural Bridge on this day and the same was liberally patronized by our people. The occasion was an enjoyable affair for all who made the trip.

Pastor Crawford Returned.

Rev. J. O. Crawford has been returned to the pastorate of the Clay City Methodist church by conference which held its annual session in Lexington this week. Rev. E. G. B. Mann will also be the presiding Elder again. This will give satisfaction to the people here, as both ministers are very popular with our people.

Sow Wheat.

Wheat sowing season is on and our farmers should sow a large acreage of this staple product of

food. The prospects for Clay City to get a full roller process flour mill by harvest time next Spring is very bright, and the people of the country surrounding should produce the wheat to supply this proposed mill. When Clay City used to have a flour mill, the people raised all the wheat they needed for home consumption and some to spare. Now it is different, and we send thousands of dollars away from home that should stay here. Farmers, by all means, sow a patch of wheat and raise your own biscuit.

Kentucky the Best Place.

It is reported that many Kentuckians who went West in the last few years are already returning. Just what the trouble is has not been clearly explained, but hundreds have abandoned their Western investments to again become residents of their old State. It is seldom that a much boomed region comes up to expectations. The bag of gold is always at the end of the rainbow and the land of milk and honey just a few miles further no, but each is most enjoyable at a distance and the charms vanish on near approach. Kentucky is a mighty good country to live in until a better one shows up, if, indeed, there is a better one. The same capital energy, perseverance and industry applied to any pursuit in the West will yield even better results in Kentucky. Though all Kentuckians will think twice before they leap into the Western darkness.—Ex.

the Louisville Weather Bureau, is as follows:

The first half of the week was warm with a few local showers; the latter part was fair and cool, the nights being unusually cool for the time of year.

Tobacco has improved to quite an extent, but even with favorable conditions it cannot make a full crop. Some fields were set out under unfavorable conditions and did not get a good start, and some have suffered from drouth. The crop has been unusually free from worms. Cutting is in progress in the early fields.

Corn is looking more promising since the rains, and as a whole, will be nearly up to the average. It is maturing slowly, and generally has plump, well-filled ears. The greater part of it will be ready for cutting between the 15th and 20th of September.

Pastures and meadows have turned green in most localities since the rains of last week, and the fall feed looks promising.

Peaches are turning out better than expected and are coming into market plentifully. Apples are not so good and are frequently wormy and inferior.

Gardens have dried out badly before the rain, but now show some improvement. Irish and sweet potatoes are yielding well.

A fair crop of millet has been saved. Considerable clover has been cut for seed and a good yield reported. Sorghum looks promising and nearly ready to make up.

Hemp has not done well and is not up to the standard.

Planting for wheat is in progress and farm work is generally well up.

Goods At Cost.

Mrs. Williams is running a Clearance sale in which she is offering a large stock of seasonable goods at absolute cost. This is a splendid opportunity to get what you need at your own prices.

From 148 to 92 Pounds.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind. who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by M. Rose.

Are You far Sighted?

Must you hold the book or paper at arms length to get the proper focus. If so a careful examination now and the use of proper glasses will set you right. There is worse trouble ahead if you fail to note warning. W. T. WEBB, Optician.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

FOR JAILOR.

GEORGE STEPHENS, of Stanton, is a
candidate for Jailor of Powell county,
subject to the action of the Democrati-
c party.

Mr. Edward Rose is a candi-
date for the office of County
Court Clerk of Powell county.
His formal announcement ap-
pears in this issue of the TIMES.

Mr. Rose comes of a large and
true Democratic family, and has
himself been a voter of the fair
party's favored principles for 22
years without a single scratch.
During all of this time, he has
never asked for office, but has
contented himself by working for
all of the other nominees.

Mr. Rose was born in Powel
county where he has lived all of
his life, and has always borne the
reputation of an honest, sober
and industrious gentleman. He
is deserving of the support of
Democrats; he is qualified to fill
the office, and, if elected, will
make the county as good an offi-
cer as it ever had. Democrats,
consider well his claim.

An exchange very truthfully
remarks: "The Democrats in
the grand old State of Kentucky
do some mighty naughty things
to each other, politically speaking,
but our Republican brethren are
anything but slouches in that line

themselves. For instance, just
poke your nose into the Hunter-
Edwards Congressional mix-up
in the 'bloody Eleventh,' and if
your olfactories can stand it,
we haven't a word to say."

Deafness Cannot be Cured

by local applications, as they can
not reach the diseased portion of
the ear. There is only one way to
cure deafness, and that is by con-
stitutional remedies. Deafness is
caused by an inflamed condition of
the mucous lining of the Eustach-
ian Tube. When this tube is in-
flamed you have a rumbling sound
or imperfect hearing, and when it
is entirely closed. Deafness is the
result, and unless the inflammation
can be taken out and this tube re-
stored to its normal condition, hear-
ing will be destroyed forever; nine
cases out of ten are caused by Cat-
arrh, which is nothing but an in-
flamed condition of the mucous
surfaces.

We will give One Hundred Dol-
lars for any case of Deafness (caused
by catarrh) that cannot be cured
by Hall's Catarrh Cure. Send for
circulars free.

That Heart Trou-

Cases Can Be
Cured.

There are three main features of
heart disease, (1) Weakness or
Debility; (2) Nervousness or Neuralgia;
(3) Valvular Disease or Stenosis;
(4) Enlargement of the Heart; (5)
Degeneration; (6) Dropsy; (7) Death.
Documentary evidence will prove
thousands of cases of "Incurables" have
been absolutely cured by Dr. Miles'
New Heart Cure.

Patients often have no idea their dis-
ease is heart trouble, but ascribe it to
Indigestion, Liver Complaint, etc.

Here are some of the symptoms:
Shortness of breath after exercise.
Smoothering Spasms. Pain in Chest, left
Shoulder and arm. Discomfort in Lying
on one side. Fainting Spells. Nervous
Cough. Swelling of Feet and Ankles.
Paleness of Face and Lips. Palpitation.
Nightmare. Irregular Pulse.

"I have great faith in Dr. Miles' New
Heart Cure, and speak of its merits
whenever opportunity presents. I can
now go up and down stairs with ease,
where three weeks ago I could hardly
walk one block." One year later—"I
am still in good health; the Heart Cure
did so much for me, that I find it a far
greater medicine than you claimed it

What's in a Name.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by M. Rose.

Better Roads in Estill

Estill county is improving some of the public roads in her bounds very much. For a few miles at least this side of town they have made a bed of rock with curbing of larger stone and filled the same with gravel, making practically a first class pike at a very small sum. Judge Noland deserves much credit for this marked improvement in the county. Powell should take a lesson.

The Stomach is the Man.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure digests what you eat, cleanses and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Sold by M. Rose.

A Fine Road.

E. N. Aiken, Traveling Passenger Agent of the Q. & C. was in the city Tuesday. The Q. & C. is said to be the best road in Kentucky and carries the finest trains south of the Ohio river. They run solid trains from Lexington through to Jacksonville, Fla. and New Orleans, La. They also offer best inducements to passengers going to Texas and Oklahoma points. The service between Lexington and Cincinnati surpasses anything in the State.

A Power For Good.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga. says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." Sold by M. Rose.

A Card of Thanks.

I wish to extend my thanks to the good and kind people of Clay City for their ministrations of attention and loving deeds during the recent illness and death of my wife. M. S. McIntosh.
